Meeting started 10:45 AM EDT with Jerry Thrasher – PWG Chairman- presiding

**On-site:**

Bill Wagner	TIC
Pete Zehler	Xerox
Ron Nevo	Sharp
Peter Cybuck	Sharp
Lee Farrell	Canon
Nancy Chen	Oki Data
Jerry Thrasher	Lexmark
Dave Whitehead	Lexmark
Mike Fenelon	Microsoft
Harry Lewis	InfoPrint Solutions

**Phone:**

Rick Landau	Dell
Glen Petrie	Epson
Brian Smithson	Ricoh
Ira McDonald	High North

Agenda reviewed

Patent policy reminder – No objections were noted

Proposal to move next f2f from June 16-18 to June 22-24 hosted by Xerox in Webster NY. This will allow alignment with P2600 who could meet Monday June 21. (Proposal since has been adopted).

Remaining 2009 scheduled discussed along with survey results for how to reduce cost and increase attendance. Very likely that we will try at least one “virtual” meeting in 2009. Noted that East and West coast may draw more participants due to local vicinity with more companies. October meeting (otherwise planned for Boulder) is a likely candidate for testing the remote concept. If travel restrictions prevail we may need to reduce the number of f2f meetings in 2010.

Current Membership reviewed.

Each w/g Chair had the opportunity to present w/g status highlights. See plenary slide deck for details. Mentionable highlight - Microsoft NAP team now engaged with IDS.

Meeting adjourned Noon.

Minutes published by Harry Lewis – PWG Secretary
