# Action Items

Action Item #	Entry date	Original Due date	Planned date of completion	Actual date of completion	Assignee	Type	Section	Action	Status A=abandoned C=complete H=on hold P=partial	Disposition
27	10/15/2009				Joe Murdock	NAP Binding		Joe Murdock will add NAP System Health ID to NAP Binding document and determine how to register a PWG system health ID value.	P	
28	11/12/2009				Jerry Thrasher	NAP Binding		Jerry Thrasher will send a note to Mike Fenelon to find out if/how it is possible to handle multiple SHVs for the same environment, the same device class, and [possibly] the same SMI number (i.e., PWG)?		
32	12/10/2009				Joe Murdock	Market research		Joe Murdock will develop a "Market Rationale" document – with help from within Sharp.		
33	12/10/2009				Randy Turner	SHV		Randy Turner will contact Symantec (when appropriate) to encourage discussion with the PWG about a SHV.	H	Blocked, waiting for AI #32 so we can send market rationale to Symantec.
34	12/10/2009				Randy Turner	Remediation		Randy Turner will investigate Symantec's products and their method(s) to "remediate noncompliant endpoints."		
35	12/10/2009				Joe Murdock	Remediation		Joe Murdock will investigate Microsoft's method(s) of remediation. [Is it accomplished by passing a URL?]	P	
36	1/21/2010				Brian Smithson Joe Murdock	NAP Binding		In acknowledgements: change Dave Whitehead affiliation to "independent contractor" and Peter Cybuck to Kyocera Mita, and change Ron Bergman's contact information to be consistent with what appears in IPP 2.0. Check to see if Kevin Sigl is still at HP.
