  - There will be a Friday (2/6) teleconference to review the comments received to date, although he didn't know the schedule. Note: After the meeting it was announced the teleconference would be at 2:30 PM ET.
  - The new draft of the PP should be available in a couple of weeks, with approval of the new MFP PP by the end of March.
  - The goal of this new PP is to satisfy the CCRA at EAL1 and meet the requirements/needs of both the US and Japan.
  - Brian thought the effort to turn this standard bi-lateral PP into a collaborative PP (cPP) would probably begin at the ICCC Conference this Sep in London.
