Type of Assignment:
Permanent registration updates in IPP Registry
Copy of revised IANA XML registry is at:
https://ftp.pwg.org/pub/pwg/ipp/IANA-IPP-registrations/
in the file iana-ipp-registrations-20200904.xml

Changes:
- Now point the job counter attribute registrations to the registration template that Smith recorded on the FTP server

(instead of the F2F minutes)
- Fixed the registration of the Close-Job (0x003B) and Resubmit-Job (0x003A) operation values, which got swapped when we published JOBEXT 2.0. (JPS2 lists them in the wrong order and when I copied the registration template to the new document I missed it...)
