2 General

- Meeting was convened at 11:00 EDT on 1 September, 2009.
- Notice was made that the meeting was held in accord with the PWG Intellectual Property Policy
- Bill Wagner agreed to take minutes
- The August Face-to-face minutes (<ftp://ftp.pwg.org/pub/pwg/wims/minutes/08AUG-Redmond-WIMS-CIM-face-to-face.pdf>) were accepted without comment.
- It was agreed that the WIMS concall time slot be changed to 2PM ET on Mondays

3 Action Items

- It was agreed that Harry Lewis's suggestion of FinBindingTypeTC be added to IANA registry. Harry is the recognized expert and would make the request. Bill W. will ask him to do so.
- The langXPS addition to IANA registry was discussed with the understanding that Mike Fenelon of Microsoft would check on Microsoft's preferred reference. Bill W. has checked and Mike says that this is "in process".
- Ira's noted that, on consideration, he would start the process to make his Device ID "COMMAND SET" (CMD) (<ftp://ftp.pwg.org/pub/pwg/pmp/white/tb-ppm-1284-cmd-20090803.htm>) document into a stand-alone PWG Candidate standard. He indicated that a draft should be ready before the next face-to-face meeting.
- Ira indicated that he would have the CIM Print Services class prepared by the end of September.

4 Power Management

- Ira went over his latest Power Management draft (<ftp://ftp.pwg.org/pub/pwg/wims/wd/wd-wimspower10-20090824.pdf>). Comments are reflected in the current update. (<ftp://ftp.pwg.org/pub/pwg/wims/wd/wd-wimspower10-20090908-rev.pdf>)
